Letter A Craft - Astronaut

About

Thank you so much for downloading this product. We hope that it will be a valuable resource in your Early Learning Classroom.

This activity is designed for children aged 2 years and older. It will help them to develop letter recognition, fine motor skills, vocabulary, and more.

Prep

Step 1: Download and print the page you would like to work on.

This file contains an astronaut colouring page for toddlers, as well as a cut and paste activity for older children. It also includes a variety of different astronauts to accommodate diversity in your classroom.

Step 2: Grab some crayons, or scissors and glue.

Step 3: Enjoy learning.

Directions

Step 1: Say the name of the focus letter in the center of the first page. What are the letters' beginning sounds? What words start with those sounds?

Step 2: Allow the child to choose an astronaut. Cut out the arms, legs and head.

Step 3: Glue the cut out sections onto the letter A to complete the astronaut picture.

As an additional option. Encourage the children to cut out the letter A too, and glue it onto a dark blue or black paper so that it looks like the astronaut is in space.

A is for Astronaut
