

Paper Snowflake (Template 20)

1. Use a pair of scissors to cut out the black square.
2. Fold the paper along the grey lines until the section with the grey and white design is on top. To do this all you need to do is to fold the square in half 3 times
3. Use scissors to cut out the grey area of the design, leaving the white section intact.
4. Unfold the white paper to reveal your snowflake.
